

ROD POCKET DRAPERY INSTALLATION INSTRUCTIONS

SIMPLY FOLLOW OUR STEP-BY-STEP INSTRUCTIONS AND YOUR BEAUTIFUL NEW DRAPERY WILL SOON BE ENHANCING YOUR HOME OR WORKSPACE FOR MANY YEARS TO COME.

Getting Started:

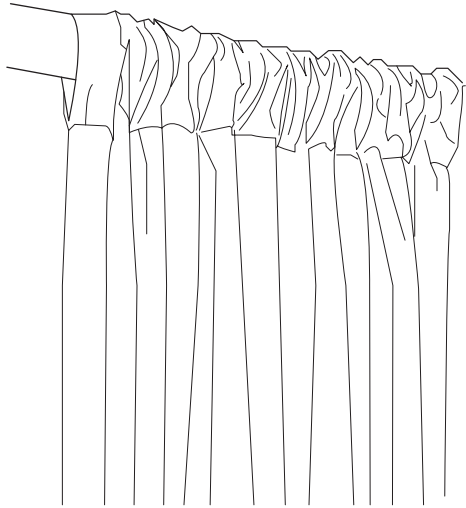

Please read through all instructions carefully before you begin installation. Carefully remove your new draperies from their packaging.

Note: If you receive draperies with a leading edge decorative border, left panels will have the border down the right side of the drapery, center panels will have the border down both sides, and the right panel will have along the left side.

Installing Your Rod Pocket Draperies:

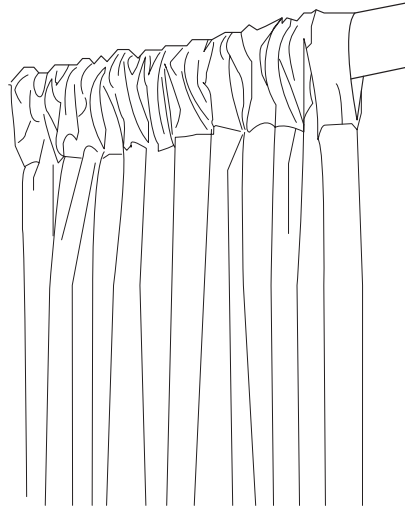

You are now ready to hang your draperies.

1. Insert your drapery pole through the pocket at the top of the drapery.

2. Once you have inserted the pole through the pocket, let your drapery hang.

3. Repeat the same steps for all other panels.

4. With draperies in place, install rod.

Dressing Your Drapery:

Once your draperies are installed, most wrinkles and folds will hang out on their own. You may also use a garment /commercial steamer to help eliminate wrinkles. Please keep in mind the silks and linens in particular will characteristically have wrinkles regardless of steaming or pressing.

Note: All of our draperies are hand-pressed prior to shipping, however due to transit, some additional wrinkling may occur. Prior to hanging your draperies you may want to lay them out and press out wrinkles gently with a cool iron.

Care and Cleaning:

If the drapery is dusty, simply vacuum over it using an upholstery attachment. For cleaning soiled spots, we recommend contacting the Help Desk.

Warranty:

The Shade Store products are covered by a limited lifetime warranty. This warranty covers any defects in materials or workmanship so long as the product is measured and installed according to instructions. Every Shade Store window treatment is designed to provide trouble-free use.
